

Garitage

Park

Garitage Park

Garitage Park is a major mixed – use development project located on an area of 167 000 m². The project is planned to be built in phases and when fully completed will include:

- 95 000 m² office
- 60 000 m² of residential space
- 90 000 m² park with a lake, playgrounds and sports facilities
- Primary School for 500 children
- 4 500 parking places
- A sports center with a swimming pool
- A sports hall with capacity of 1,700 people
- A supermarket, restaurants, cafes and other retail

Garitage Park is located in an area with well-developed infrastructure and direct access from the Ring Road which provides quick and convenient connections to the city center, the airport and other parts of the capital.

Garitage Park is the first multi-use development in Central and Eastern Europe to have achieved an Excellent Final Certificate according to the International Scheme of **BREEAM Communities 2012** for social, economic and environmental sustainability.
